The other complete set shall be retained by the Committee until construction of all improvements on the construction plans is complete and final occupancy has been granted by the City of Ferndale. Upon final occupancy, the Committee shall turn over the construction plans to the Association.

The Committee shall have the right to disapprove any construction plans, specifications and/or site plan in the event the same are not in accordance with the provisions of this Declaration, if the design or exterior color scheme of the proposed Improvements is not in harmony with the general surroundings of the Subdivision or with the adjacent Improvements, if the construction plans, specifications and site plan are incomplete, or if the Committee determines that the construction plans, specifications and site plan, or any portion of them, are contrary to the interest, welfare and/or rights of the Owners of other Lots within the Subdivision. Any such decision reached by the Committee shall be final and non-appealable to any forum, body or court.

The Declarant shall not be required to comply with the requirements of this Section 5. All Improvements made by the Declarant or entities controlled by the Declarant shall be deemed to comply with all requirements set forth in Section 4 of this Declaration.

5.4 Conditional Approval. Any approval given by the Committee may be conditioned upon compliance by the applicant with any reasonable condition which the Committee deems appropriate, including, without limitation, the posting of bonds or other acceptable security in order to insure performance by the applicant in accordance with the construction plans, specifications and site plan being approved. Any such bond required by the Committee shall be held by the Committee. The Committee shall release any unused portion of the bond at final occupancy.

5.5. No Liability. Neither the Committee, nor any member thereof nor any successor thereto, shall be liable to any person for any action taken by the Committee or for any failure to act by it under or pursuant to the provisions of this Declaration, so long as the Committee, the members thereof and any successors thereto act in good faith and without malice.

5.6. Expiration. Neither the Committee nor any members appointed to it shall have any responsibility with regard to this Declaration after seven (7) years from the date hereof or upon the sale by the Declarant of the last Lot owned by it, or by its successor in interest, in the Subdivision, whichever event occurs later. Notwithstanding the foregoing, in the event that the Association determines by an affirmative vote of seventy-five percent (75%) of the Owners thereof then or at any time thereafter that the Committee or any successor thereto shall remain in existence following the expiration of the term of the Committee as herein before set forth, then the Association may constitute such Committee or successor organization as it deems necessary in order to continue the function of the Committee as set forth in this Section or as then modified.

6. COMMUNITY ASSOCIATION

The Declarant shall form a Community Association, designated herein as the Association, to include as its members all Owners of any Lot within the Subdivision. This organization shall be a nonprofit corporation pursuant to Title 24 of the Revised Code of Washington and shall be known as "Douglas Plats Community Association". For this Section 6, the term "Owner" shall mean any Owner of the Lot in the Douglas Plats.

6.1 Purpose. The purpose of the Association shall include, without limitation, the furtherance and promotion of the common welfare of the Owners of any Lot or parcel within the Douglas Plats; the regulation, use, care, construction, operation, repair, maintenance and preservation of the Common Properties within the Douglas Plats for which there is a private maintenance obligation to be shared in common by the Association members; the regulation, maintenance and repair of facilities thereon and such other facilities, equipment, activities, objects and purposes pertaining to the welfare, enjoyment, social well-being, protection and benefit of the members and of their Lots within the Douglas Plats, including, but not limited to, the operation, maintenance and use of property held or controlled by the Association; enforcement of this Declaration including Lot maintenance, construction requirements and building restrictions imposed on the Lots; payment of taxes, if imposed, on Common Properties and improvements; and the furnishing of protection and preservation of the interests of the Owners for the common good.

6.2 Creation and Transfer of Control. The Association shall be organized at the instance of the Declarant and South Douglas, LLC, and each Owner shall be a member of the Association. The Declarant and South Douglas, LLC shall have the exclusive right to designate and appoint a governing Board of the Association until such time as the Declarant and South Douglas, LLC has sold all of its Lots within the Douglas Plats or seven (7) years from the date of this Declaration, whichever is sooner. When all Lots owned by the Declarant and South Douglas, LLC have been sold the control of the Association shall be turned over to the members, and the members shall elect from their number the governing Board of the Association, as determined by the Articles of Incorporation and By-laws of the Association. Irrespective of the foregoing, the Declarant and South Douglas, LLC, at their sole and exclusive option, may elect at any time prior to the sale of all Lots within the Douglas Plats to transfer control of the Association to the members thereof.

6.3 Conveyances. The Declarant shall transfer and convey by deed or by such other applicable instrument all Common Properties and easements as hereinbefore identified to the Association, subject to the reservations impressed upon these Common Properties and easements by this Declaration. At such time as the Declarant conveys the Common Properties and easements to the Association, and at all times subsequent thereto, the Association shall be responsible for the maintenance and upkeep of the Common Properties and easements at its sole and exclusive expense. Such obligation shall include, without limitation, responsibility for maintenance of all Common Properties, common improvements and easements as identified herein and on the face of the final plat of the Subdivision. Specifically, and also without limiting the foregoing, the

Association shall be responsible for the operation and maintenance of, and for potential liability arising from, all Common Properties.

6.4 Assessments and Liens.

6.4.1 Authority. The Association shall be empowered to establish and to collect dues and assessments upon Lots in the Douglas Plats for the common benefit of such Lots.

6.4.2 Purposes. The purposes for which dues and assessments may be established and collected include, without limitation, making provision for the payment of charges associated with utilities, roadways, drainage, property protection, landscaping, insurance, maintenance, improvements, enforcement of this Declaration, payment of taxes upon Common Properties, the holding of Ownership or a leasehold interest therein or for any other common purposes, all as determined pursuant to the Articles of Incorporation and By-laws of the Association.

6.4.3 Personal Obligation and Lien Foreclosure. Dues and assessments shall constitute a personal obligation of any Owner of record of a Lot on the due date thereof and shall also constitute a lien on the Lot assessed. Such lien may be enforced by the Association in the same form and manner of procedure as foreclosure of real property mortgages under the laws of the State of Washington.

6.4.4 Amounts Included. Each Owner and each party hereinafter owning or claiming an equity interest in a Lot agrees that in the event of such foreclosure action involving such Lot, the Owner or Owners thereof or other party asserting an equity interest therein will pay the Association's expenses of title examination and insurance, the cost of attorney's fees incurred by the Association and court costs, as well as all other costs reasonably and necessarily incurred in such foreclosure action. In any such action, delinquent assessments shall bear interest at the rate of 12% per annum from the date the same became due until the date of the entry of the judgment of foreclosure thereon.

6.4.5 Other Liens and Foreclosure Actions. The method and manner provided for foreclosure of liens set forth in Paragraph 6.4.3 shall pertain to all liens referred to in this Declaration.

6.5 Establishment of Assessment of Charges. When the Board deems it appropriate, it shall adopt a regular or special budget for the Association. The Board shall set a date for a meeting of the Owners to consider ratification of the budget. The meeting shall be not less than fourteen (14) days nor more than sixty (60) days after the budget has been mailed to all of the Owners. Unless at the meeting of the Owners a majority of the Owners vote to reject the budget, the budget shall be ratified, whether or not a quorum is present. If the proposed budget is rejected, or the required notice is not given, the budget last ratified by the Owners shall continue until the Owners ratify a subsequent budget proposed by the Board.

6.6 Annual statement. As soon as shall be practical in each calendar year, the Association shall send a written statement to each Owner setting forth the dollar amount of the assessment for such Lot for such calendar year. The Association may, in its sole discretion, provide for payment of such assessments on a periodic basis during such calendar year, with or without a service charge.

6.7 Penalty on Delinquent Assessments. If an Owner shall fail to pay any installment of an annual assessment within thirty (30) days from the date the same is due, then the entire annual assessment for such Lot shall be delinquent and shall become immediately due and payable, shall bear interest at the rate of 12% per annum thereafter until paid and shall also bear a penalty in such amount as shall be determined by the Board of the Association.

6.8 Delinquency For More Than Ninety Days. If the Owner of any Lot shall be delinquent in the payment of the annual assessment, or any installment thereof, for more than ninety (90) days following the

date the same is due, then the Association shall have the right to commence legal action seeking a personal judgment against such Owner and, in addition thereto, shall have the right to foreclose its lien upon such Lot. The total amount due from such Owner shall be such sums as provided in Paragraphs 6.5, 6.5.1, and 6.4.4, plus any penalty imposed under Paragraph 6.7 hereof.

6.9 Rules and Procedures for Billing and Collecting Assessments. The Board of the Association shall have the power and authority to adopt rules and procedures respecting the billing and collecting of annual assessments, which shall be binding upon all Owners.

6.10 Application of Assessment. The Association shall apply all funds received by it pursuant to this Declaration in the following order:

6.10.1 Administrative costs and expenses incurred by the Association in the exercise of its powers under this Declaration;

6.10.2 The promotion of the recreation, health, safety, enjoyment and welfare of the users of the Common Properties, and the enhancement of the values of the Common Properties by means of construction, repair, maintenance, operation and administration of the Common Properties, including, but not limited to, the payment of taxes and insurance premiums on the Common Properties and the payment of utility charges therefore, including, if not otherwise paid by the County of Whatcom, the charge for electricity supplied for street lighting within the Subdivision.

6.10.3 The service, repair, maintenance and/or replacement of any and all common improvements, including, but not limited to, fences, roads, paths, drainage facilities and lighting belonging to the Association.

6.11 Authority to Maintain surplus. The Association shall not be obligated to spend in any particular time period all of the sums collected or received by it during such time period or any other time period. The Association may carry forward, as surplus, any balances remaining. The Association shall not be obligated to apply any such surplus to the reduction of the amount of the annual assessment in any future year.

6.12 Maintenance of the and Storm Water Facilities. The Association is responsible for conducting annual inspections of the Stormwater Facilities and fencing and providing certification to the City of Ferndale by a professional engineer registered in Washington State reporting the adequacy of the stormwater treatment and conveyance systems.

Should any deficiencies be identified in the inspections required above, the professional engineer shall identify measures required to rectify the deficiency in the report to the City of Ferndale. Any required repair, maintenance, or restoration associated with said Stormwater Facilities, shall be the responsibility of the Association. If the Association fails to perform the duties required by this Paragraph 6.12, the City of Ferndale may assume said duties at the expense of the Association.

6.13 Raingardens. The City of Ferndale has required that individual raingardens be constructed on certain Lots, as delineated on the plat maps of the Douglas Place Long Plat. Construction of such a raingarden is the responsibility of the Lot Owner. The Owner of such a Lot shall construct the raingarden and its appurtenances pursuant to the specifications contained in the *Douglas Place Long Plat Bioretention Design and Maintenance Criteria* (the "Raingarden Specifications"). A copy of the Raingarden Specifications shall be retained by the Declarant and the Association. The raingardens and their appurtenances shall be privately owned by the respective Lot Owner. All operation, maintenance, repair and reconstruction of a raingarden (including all costs related thereto) shall be the sole responsibility of the respective Lot Owner. Operation, maintenance, repair and reconstruction shall be pursuant the Raingarden Specifications. Each raingarden

shall be designed, permitted, approved and constructed at the time a building permit is secured for that Lot requiring such a raingarden. The failure of the Lot Owner to comply with this requirement shall be a violation of this Declaration, which may be enforced as elsewhere provided herein.

7. VIEW PROTECTION.

7.1 Tree Trimming. View corridors are recognized as important part of the Subdivision's quality and value. Trees tend to frame the views and enhance the aesthetic quality of the Subdivision. In order to insure that the views, as they exist on or about the date of the filing of this Declaration, are preserved at the same time protecting the aesthetic quality that future trees give to the Subdivision, the Declarant creates the following restrictions and grants the following authority:

(a) All new or small-existing shrubs or trees shall be trimmed or topped so as to not impair the view from other lots, provided that any new or small existing shrubs or trees within the Open Space may impair views from other lots due to normal plant growth.

(b) Large trees within Lots on the date of recording of this Declaration shall be trimmed and/or topped to insure that new growth does not materially impair views from other lots.

7.1.1 The Committee, at its discretion, may elect to enforce the restrictions set forth in Paragraphs (a) and (b) above. If the Committee determines that a large existing tree has grown to the extent that it materially impairs the view from another Lot, then it shall have the authority to order topping and trimming of the tree to reduce its size to approximately its size as of the date of recording of this Declaration. If the Committee determines that a tree requires trimming or topping, the work shall be done within sixty (60) days after the determination is made and given to the lot owner in writing. If the Lot Owner fails or refuses to trim or top the tree or trees, as required by the Committee, then the Association shall top or trim the tree(s) and the costs shall be made a special assessment against the Lot Owner on which the tree or trees were located pursuant to Paragraph 6.5 of this Declaration.

7.1.2 Regardless of the determination or actions of the Committee, a Lot Owner shall have the right to pursue enforcement of the restrictions set forth in Paragraphs (a) and (b) above, pursuant to the enforcement authority granted in Section 8 of this Declaration.

7.1.3 A large existing tree shall be defined as any tree that is located on a Lot within the Subdivision that has a circumference of sixteen inches (16") or more, as measured three feet (3') from the base of the tree as of the date of recording this Declaration. Any trees that do not meet this definition shall be considered small existing trees.

7.1.4 It is the intent of this provision that as to new plantings or small existing trees, any impairment of view is a violation.

7.1.5 The determination as to whether or not view impairment by a large existing tree is natural shall be made taking into consideration the following factors:

i. View impairment shall not be material unless it is at least ten percent (10%) greater than what existed as of the date of this Declaration;

ii. Where a lot has a limited view, any impairment of view should be viewed as material. A lot that has very broad view corridors, a greater impairment can be tolerated before it is deemed material;

iii. Whether or not view impairment exists must be determined based on the views from the main floor of the house whose views are impaired.

iv. The Declarant intends to protect the views of the Mount Baker and local or territorial views where the broader, more panoramic views are not available.

7.2. Height Restrictions. The Declarant hereby establishes the following height limitations and restrictions on particular lots. No structure, tree or shrub shall be allowed to exceed the height specified below for each lot. For purposes of this provision, height of a structure shall be measured as set forth in Paragraph 4.2.

<u>Lot</u>	<u>Maximum Height</u>

7.3 Variance. The Committee, in its sole discretion, shall have the authority to grant a variance from any provision of Section 7 or Paragraph 4.2. The Committee may grant a variance only if the Owner proves to the Committee's satisfaction that because of the unusual shape, exceptional topographic conditions, or other extraordinary situation or condition in connection with the Owner's Lot, the literal enforcement of any provision of Section 7 or Paragraph 4.2 would involve practical difficulties and cause undue hardship unnecessary to carry out the spirit and intent of this Declaration. Such a variance request must be made in writing to the Committee. The Committee must grant or deny the variance within 30 days of receipt of the variance request. The decision of the Committee is final. No decision by the Committee shall violate any City of Ferndale code, ordinance, or regulation, and any such decision that violates any City code, ordinance, or regulation shall be invalid.

7.4 Existing Structures. No structure may be enlarged, remodeled or changed in any way that interferes with or impairs the view from a neighboring Lot. The Committee shall not have the authority to grant any relief from this restriction. If the existing house on Lot 5 is renovated to the extent that the cost of renovating exceeds sixty percent (60%) of the assessed value of the house or is demolished, the renovated or new structure shall comply with this Declaration.

8. ENFORCEMENT

The Association, the Declarant, Douglas Place, LLC and any Owner of a Lot in the Douglas Plats shall have the right to enforce, by any proceedings at law or in equity, all covenants, conditions, restrictions, reservations, liens and charges now or hereafter imposed by this Declaration, except that only the Owners of Lots 1 and 2 shall have the right to enforce the terms and conditions pertaining to the Shared Driveway. The failure of the Association, the Declarant, Douglas Place, LLC or of any Owner of a Lot in the Douglas Plats to enforce any rights hereunder shall not be deemed to constitute a waiver of the right to do so thereafter. The prevailing party in any litigation involving the enforcement of any provision of this Declaration shall be entitled to judgment for the reasonable attorney's fees and costs incurred in such litigation by such prevailing party. The Declarant's and Douglas Place, LLC's respective right to enforce shall terminate when that party no longer has an ownership interest in the Douglas Plats.

9. GRANTEE'S ACCEPTANCE

The grantee of any Lot subject to this Declaration shall, by the acceptance of a deed conveying title thereto or by the execution of any contract for the purchase thereof, whether from Declarant or any subsequent Owner of such Lot, accept such deed or contract upon, and subject to, each and every provision of this Declaration and the provisions contained herein, including the jurisdiction, rights and powers of Declarant, and by such acceptance shall, for himself, his heirs, personal representatives, successors and assigns, covenant, consent and agree to and with Declarant and to and with the grantees and subsequent

Owners of each of the Lots within the Subdivision, to keep, observe, comply with and perform all obligations set forth herein.

Each such grantee also agrees, by such acceptance, to assume, as against Declarant, its successors or assigns, all of the risks and hazards of ownership and occupancy attendant to such Lot, including, but not limited to, its proximity to any Common Properties, public roads, power lines, and wetlands.

10. AMENDMENT TO DECLARATION

This Declaration may be amended or terminated by an instrument signed by Owners who own at least seventy-five percent (75%) of lots within the Subdivision. Such amendment shall take effect upon recording with the Whatcom County Auditor.

Amendments to or termination of this Declaration without approval from the City of Ferndale shall in no way affect:

- (a) the ongoing obligation of the Owners, in common to care for and maintain all improvements located in the Common Properties as identified on the face of the Plat of the Subdivision, and all landscaping and all above ground landscaping related improvements located within the public right of way;
- (b) any of the easements described in Paragraphs 2.1 and 2.3 herein; or
- (c) the Association's duty to maintain and preserve landscaping, buffering, drainage facilities and open space, as designated on the face of the Plat of the Subdivision.

Amendments to or termination of this Declaration without approval from the Owners of Lots 1 and 2 shall in no way affect the rights, restrictions and obligations related to the Shared Driveway.

11. DECLARANT ASSIGNMENT

The Declarant reserves the right to assign the status of Declarant under this Declaration.

12. SEVERABILITY

In the event that any provision hereof is deemed by proper judicial decree to be invalid, then the remaining portion of this Declaration shall in no way be affected.

13. PARAGRAPH HEADINGS

The paragraph headings in this Declaration are for convenience only and shall not be considered in construing this Declaration.

14. NO WAIVER

The failure of any party entitled to enforce any provision hereof to take steps to enforce such provision shall not, in any fashion, operate or be deemed to be a waiver of any such provision or of any other provision hereof.
